## WORK EXPERIENCE

---

### Ford Motorship Argentina - LinkSolution

January 2025 – Present

*Junior Developer*

*Buenos Aires, AR*

- Participated in the modernization and maintenance of a large-scale legacy full stack system using MVC C# ASP.NET, JavaScript, and Bootstrap.
- Developed and debugged features on both frontend and backend, integrating web technologies with the MVC architecture.
- Refactored and redesigned frontend components to enhance performance and align with current UX/UI best practices.
- Contributed to successful sprint cycles through active participation in SCRUM ceremonies and regular code reviews.

### Ford Motorship Argentina

April 2023 – October 2024

*Junior Developer Trainee*

*Buenos Aires, AR*

- Gained hands-on experience working on a legacy full stack system, learning technologies such as MVC C# ASP.NET, JavaScript, and Bootstrap.
- Developed teamwork and Agile practices by collaborating within SCRUM teams and contributing to real-world development processes.

## EDUCATION

---

### National Technological University (FRGP)

Expected Graduation: 2026

*University Technical Degree in Programming (TUP)*

*Buenos Aires, AR*

- Software development training with a practical focus, covering languages such as C++, Python, and database design.
- Strengthened teamwork abilities through collaborative projects across all courses.

### National Technological University (FRBA)

In Progress

*Systems Engineering*

*Buenos Aires, AR*

- Group project work, collaborating with diverse programming paradigms and solving complex problems in teams.
- Gained foundational knowledge in systems design, computer architecture, and algorithm analysis through multidisciplinary coursework.

## SKILLS AND TECHNOLOGIES

---

JavaScript · HTML/CSS · Bootstrap · C# · SQL · Postman · Python · C++ · Git · GitHub · ReactJS · Unity · Visual Studio · Visual Studio Code · Agile Methodologies · SCRUM

## LANGUAGES AND COURSES

---

- **Spanish:** Native
- **English:** Bilingual (Cambridge C1 Advanced – CAE)
- **French:** Basic (Alliance Française – DELF A1)
- **Course:** Complete Web Developer – Zero to Mastery
